

## **PRESS RELEASE**

### **Updated Parking & Camping Information – June 2010**

Complimentary Parking is provided for overnight guests (regular size vehicles only) at the hotel's parking garage & in the Executive Retreat parking area. Parking at the hotel's main garage provided at \$5 per day with in/out privileges for attendees not staying at the hotel. We have tasked the hotel to secure alternative parking arrangements, such as parking garages nearby, to cover any overflow parking that we may have.

If anyone is planning on bringing oversized/recreational vehicles/trailers, there is **NO** street parking available around the Hilton. The nearest shopping centers/large stores are 5 miles away, where parking was arranged during the 2010 WASCA March Festival. More information will be provided on this possibility later this summer.

We have located an excellent web site about Camping Facilities in the DC Area - <http://www.title-3.com/DCCamping.htm> . Check it out! There is a lot of tourist information.
